# Etherley Lane Primary School - Catch-up Premium Strategy 2020 - 2021

# **Updated July 2021**

### Funding allocation (Mainstream Schools)

Schools' allocations will be calculated on a per pupil basis, providing each mainstream school with a total of £80 for each pupil in years reception through to 11.

#### **Payments**

This funding will be provided in 3 tranches. We will provide schools with an initial part payment in autumn 2020, based on the latest available data on pupils. We will then distribute a second grant payment in early 2021, based on updated pupil and place data. For mainstream schools, we will use the 4 to 15 pupil headcount from the October 2020 census.

The second grant payment will also take account of the initial part payment made in autumn 2020 so that schools will receive a total of £46.67 per pupil. A further £33.33 per pupil will be paid during the summer term 2021.

Though funding has been calculated on a per pupil basis, schools should use the sum available to them as a single total from which to prioritise support for pupils according to their need.

As the catch-up premium has been designed to mitigate the effects of the unique disruption caused by coronavirus (COVID-19), the grant will only be available for the 2020 to 2021 academic year. It will not be added to schools' baselines in calculating future years' funding allocations.

#### Use of funds

Schools should use this funding for specific activities to support their pupils to catch up for lost teaching over the previous months, in line with the guidance on <u>curriculum expectations for the next academic year</u>. (See also **EEF - School Planning Guide 2020-21**)

Schools have the flexibility to spend their funding in the best way for their cohort and circumstances.

#### Accountability and monitoring

As with all government funding, school leaders must be able to account for how this money is being used to achieve our central goal of schools getting back on track and teaching a normal curriculum as quickly as possible.

Given their role in ensuring schools spend funding appropriately and in holding schools to account for educational performance, governors and trustees should scrutinise schools' approaches to catch-up from September, including their plans for and use of catch-up funding. This should include consideration of whether schools are spending this funding in line with their catch-up priorities, and ensuring appropriate transparency for parents. (DfE guidance - Coronavirus (COVID-19) catch-up premium - updated 24/08/2020)

#### **School Overview**

| Number of pupils in school YR – Y6                | 250                  |
|---|----------------------|
| Proportion of disadvantaged                       | 29%                  |
| Catch-up Premium allocation (No. of pupils x £80) | £21,200              |
| Publish Date                                      | 05.01.21             |

| Statement created by                              | K. Lee, E. Coxon     |
| Governor Lead                                     | P. Wilson, L. George |

## Context of the school and rationale for the strategy

- Currently, 29% of our pupils have are identified as disadvantaged, which is higher than the national average of 17.7% (correct as of January 2020). In recent years, our school population has become much more transient due to an increase in social mobility within our catchment area.
- 41% of children who were attending Etherley Lane Primary School in March before the national lockdown (current Year 1-Year 6 completed some degree of home learning set over the lockdown period.
- When school reopened to all pupils on Wednesday 2<sup>nd</sup> September 2020, 94.2% of pupils attended school.
- During Summer Term 2020, 100%/83% of our vulnerable/disadvantaged pupils, as identified by the local authority, attended school on a part-time basis.
- On returning to school in September 2020, staff completed teacher assessments to show end of 2019/20 predicted pupil outcomes without the period of school closure from March to July and initial baseline assessments for Autumn 2020. Please find a summary table below:

| Current<br>Year Group |         | oredicted to be<br>+ in Summer T | •     | Percentage at expected standard + at beginning of Autumn Term 2020 |     |     |  |

# **Explore: Barriers to future attainment**

|                              |   | Barrier   | Desired outcome  |
|------------------------------|---|---|--|
|                              | Α | Staff require CPD to develop a greater understanding of children's mental health needs.   | Staff are better informed and have greater clarity about how to support children with mental health needs. this is a focus of daily/ weekly teaching in the autumn term.   |
| Teaching priorities          | В | Home learning is limited due to the current platform used and can be developed further to improve access to learning at home for all pupils.  7% of pupils do not have access to technology and/or support for use. | A strong remote learning offer is in place. A new and improved platform is in place and all staff are trained in its use. Weekly homework activities are uploaded and feedback to pupils given accordingly.                                |
| Teachin                      | С | Elements of high quality first teaching are not consistently present in face to face and remote offer.  | All staff receive refresher training around explicit instruction, scaffolding, flexible groupings and cognitive and metacognitive strategies. These components of high QFT are integrated into planning and evident during learning walks. |
|                              | D | In each year group, some topics/knowledge within foundation subjects were not fully covered in the summer term.   | Gaps in coverage to be established and addressed through sliding into a following year group where topics are revisited or taught discretely in the following academic year.   |
| ic                           | E | Less than half of the proportion of pupils (41%) engaged with the online learning materials provided for Maths and Writing during the summer term. This has resulted in some pupils working well below ARE.         | Pupils make accelerated progress in Maths and Writing from their starting points at the beginning of the autumn term.  |
| Targeted academic<br>support | F | Some pupils had limited access to reading materials during the summer term and therefore, their reading ages and phonics screening check scores are lower than expected.  | Reading skills are much improved and rapid progress in reading ages are demonstrated on a termly basis. Phonics screening check scores rapidly increase.   |
| Targetec                     | G | Children in EYFS missing important language and early literacy opportunities and on-entry data much lower than in previous years.   | Language and early literacy skills of children in EYFS are much improved and rapid progress is evident.  |
| Wider Strategies             | Н | Some pupils are struggling to settle back into class routines and have a limited attention span linked to difficulties experienced due to COVID 19 and lack of structured learning experiences since March 2020.    | All pupils are able to focus on their learning during lessons.   |
| r Sti                        | I | Reduced attendance slows engagement and progress  | Attendance patterns are positive   |
| Wide                         | J | Some pupils find it difficult to reconnect with their peers.  | Social and Emotional Learning is embedded in the curriculum and pupil interactions improve. Intervention and specialist help is implemented where needed   |

# <u>Teaching priorities for current academic year</u> i.e. Professional development, recruitment and retention, support for early career teachers, assessment, effective remote learning

| Barrier | Action to deliver and  | Desired outcome   | Evidence source   | Cost                      | Baseline<br>data  | Person responsible | What is being     | Impact/ evaluation (autumn, spring, summer)  |
|---------|--|---|---|---------------------------|---|--------------------|-------------------|--|
|         | sustain<br>approaches  | (What is expected)  |   |                           | dutu  | responsible        | rewarded and how? | Spring, summer,  |
| A       | All staff to receive CPD in relation to promoting Growth Mindset as a whole-school approach. | All staff are equipped for early recognition of children's mental health needs.  The profile of PSHE is raised throughout school and lessons are taking place on a daily/ weekly basis which support the mental health needs of all pupils. | Embedded Growth Mindset activities and resources shown to improve levels of engagement and intervention to be targeted carefully and swiftly carried out. (EEF toolkit) | £260<br>(1 COL<br>credit) | Determined from pupil surveys and discussions with staff. | SENDCO             |                   | Autumn term – Grwoth mindset displays referred to around school staff and children are able to use the positive language provided – eg. I can't do it yet. This has supported children in building their resilience as time in and out has impacted on their confidence. |

| В | CPD provided for staff on the effective use of the new online learning platform, Seesaw and also trained in using Teams to deliver live lessons. Children are trained in its use. | The new platform is in place and staff, pupils and parents are able to use it effectively.                          | Seesaw used as learning platform (EEF Review of Evidence on Remote Learning)  | £300 for<br>10 A3<br>Teams<br>licenses                       | Feedback<br>from staff,<br>children and<br>parents. | SLT | Staff confident in using seesaw – developed use of video voice over to support children and their families in home learning.    |
|---|---|---|---|--|---|-----|---|
|   | Parents/carers are made aware of the platform and how it can support home learning (communicated through written and video tutorial)  | Home learning (homework) and communication with parents is enhanced (parent/pupil surveys and weekly welfare calls) | Effective parental engagement supports learning (EEF Working with Parents to Support Children's Learning)   |  | Welfare calls and parental surveys.                 | SLT | Weekly welfare call to parents – supported – those who cannot access online – device provided/ paperpack provided as requested. |
|   | Children who do not have access to appropriate device (no device or mobile phone only) to be provided with one from school.   | All children in school will have an appropriate device to access and complete home learning.                        | Ensuring access to<br>technology is key,<br>especially for<br>disadvantaged pupils.<br>(EEF Best Evidence on<br>Supporting Pupils to<br>Learn Remotely) | £6000 for<br>30<br>additional<br>devices<br>for home<br>use. | Whole<br>school tech<br>survey.                     | SLT |   |

| to share with subject leaders what was not fully covered between March and July 2020 in their year groups. Subject leaders to then amend long term plans accordingly so missed learning is covered. Subject leaders where Spring term Summer term summer lin: Autumn term Spring term Summer term Also see notes above. |   | All teaching staff to receive refresher training around explicit instruction, scaffolding, flexible groupings and cognitive and metacognitive strategies. Staff to incorporate these strategies into whole class teaching and impact to be monitored            | Staff make use of these strategies in their face-to-face teaching and also make use of them in remote teaching, e.g. Maths and English tutorial videos, modelling during live lessons.                        | Components that define effective teaching, such as clear explanations and scaffolding, should be our focus for planning to further improve teaching in the upcoming academic year. (EEF Rapid Evidence Assessment on remote learning) | £500 | Teacher<br>assessment<br>data | SLT | To be incorporated into our assessment and monitoring cycle in:  Lock down 1 and 2 files created.
