

# ETHERLEY LANE PRIMARY SCHOOL

## NEWSLETTER – 4<sup>th</sup> February 2022

Wow! What a wonderful week of fun and learning we have all had.

### CLASS 5 DESIGN AND TECHNOLOGY

Here are some action shots of Class 5 making their pneumatic monsters in their Design and Technology lesson this week. As part of their learning, they also designed and evaluated their creations. Video footage coming soon to our Facebook page, so make sure to keep a close an eye on it so see their pneumatic monsters come to life.

### Y2 PLANTING

Year 2 have been finding out how plants can grow from bulbs. As you can see from their photographs, they planted some bulbs in clear containers with cubes to keep the bulbs in place. They then placed the containers in a dark place and are watching the bulbs grow. Keep an eye on future newsletters to see their progress.

### PARKING AROUND SCHOOL

Once again, we would like to say a huge thank you to all of our parents/carers for your considerate parking around school when dropping off and collecting your children. We really do appreciate your co-operation with this and look forward to this continuing to ensure all of our children are kept safe at all times.

### REMINDERS

Our school PE kit consists of a plain white t-shirt with black or navy shorts/ black or navy leggings or joggers.

School will close for the half term holiday on Friday 18<sup>th</sup> February and will re-open on Monday 28<sup>th</sup> February.
